

Even Start Family Literacy Requirements from the Statute . . .

- Improve academic achievement of parents & their young children, especially in reading
- Provide instructional programs based on scientifically based reading research
- Offer reading readiness activities based on scientifically based reading research
- Provide activities of sufficient intensity, in terms of hours, and of sufficient duration to make sustainable changes . . .

The Seminars' Content

- Examines scientifically-based research
- Provides pictures/video clips of practice
- Addresses cultural and language diversity important to interactive literacy activities
- Covers practices in Parenting Education
- Looks at how to use environmental print & stories
- Explores infants/toddlers' literacy development
- Offers techniques for supporting children's (0-7) literacy development through book reading
- Gives teams time for focused planning

Expected Outcomes

- Literacy/reading is the focus of interactive literacy activities
- All 4 components reinforce & complement literacy/reading
- Parenting Education actively supports interactive literacy
- Staff observe the parent's applied practice

- Staff reflect/coach parents on their applied practice
- Staff provide supportive feedback and resources to help parents advance their practices
